Part in "Flirt English" Phil is the helpful neighbour of the main characters. He's a university student or young professional. It is unknown whether he has roommates, lives alone or with his parents. He helps the main characters out if they need the assistance of a native. Apparently, he has been living in the neighbourhood for quite some time and knows Lily well. Phil might become friends or the romantic interest of one of the main characters – there may even be some jealousy involved.
