

My Hero

Describing a role model

We all have a role model. Someone we can look up to – a hero. Who is your hero? And who do your classmates look up to?

Step 1: Work on your own first. Answer the questions. Make notes.

Step 2: Milling around. Walk around the room and talk to at least two classmates. Tell your classmates about your hero. Ask them about their heroes and jot down their answers. Don't forget to use the language support.
