

Pre-viewing

Take a close look at Mark Moffett (the man on the right). Try to find out as much as you can about him before watching the film.

Step 1: Start to describe the picture in detail. Only describe what you see!

Useful phrases:

- ...might be... years old.
- ...is wearing/standing/holding...
- He has got straight/curly/short/long/fair/dark hair.
- In the foreground there is.../I can see...
- On the left/right/in the middle there is...

Step 2: Now add your speculations on Mark Moffett

From my first impression I think Mark Moffett is **a professor**.

His job might be **something with nature** because **he is giving his lecture outside in the woods rather than in an inside classroom**.

The film might be about **the guy teaching students about a type of natural science outside in the woods or in a lab**.

Step 3: Share your findings and predictions with a partner.
